# ABOUT US

Arrowhead United Way fights for the health, education, and financial stability of every person in every community. While most charity organizations focus on a single group or issue, we tackle our community's issues as a whole to achieve lasting change.

We bring people and organizations together to create measurable change. Employers, nonprofits, government, faith-based organizations, educators, labor, health providers, community leaders, youth, and several other change-makers partner with Arrowhead United Way.
